

Covering Profile 8 PP 40 aluminum colour

Description

The new covering profile **combines** the **advantages** of the aluminum covering profile 8 Al 40 and the plastic covering profile 8 PVC 40 black:

- **Colour:** aluminum with metallic effect (does not stand out of the profile)
- **Material:** polypropene (PP) - thus easily detachable and replacable.
- **Price class:** same as other plastic covering profiles
